

Ryan James Johnson. Human being with full legal capacity. My Claim of Recognition & Identification.

I am Ryan James Johnson, and I'm an individual adult human being with full legal capacity, and this is my claim of recognition and identification.

I was fertilized by my father's seed and grown in my mother's womb. My cells divide, replicate and repair. I take breath, eat food, and drink water to grow, for energy and life. I have a heartbeat, blood, skin, and bones. I have a nervous system, muscle movement, coordination, and balance. I can communicate, see, feel, smell, hear, and taste. I sleep, I have a soul, memory, dreams, consciousness, reason, thought, and critical thinking, and I'm aware of my surroundings. I am alive.

My original registration of live birth is accessible and on file at the Office of the Registrar General. 189 Red River Rd., 3rd Floor, Thunder Bay, ON, CA, P7B 6L8 (1-416-325-8305)

I'm not an artificial person, a prescribed person, a statutory creature, an entity, or a corporation, as I was not created by law and by virtue not alive.

I do not have or hold any certificates of citizenship. I'm not in servitude to Canada, the Crown, or any other nation, state, corporation, entity, union, group, organization or human being.

I'm not a resident, employee, servant, carrier, driver, or officer of, or hold an office of, or work for the Corporation of Canada, the Crown, or any other nation, state, corporation, entity, union, group, or organization in any way or in any form.

I was born, live, and dwell on the geographical landmass called North America controlled by the Crown, (the British Commonwealth of Nations) through the Corporation of Canada, its Government, its Acts of Parliament, its appointed executives, officers, and officials.

The Corporation of Canada and the Crown have recognized, helped create, and ratified international human rights instruments after world wars one and two, as disregard and contempt for inalienable, intrinsic, non-derogable human rights and fundamental freedoms ***resulted in barbarous acts killing over 120 million human beings around the world over a 10-year period that outraged the conscience of mankind.***

Because of this, Canada built a founding constitution (the Constitution Act 1982) that recognizes, guarantees, protects, upholds, ***“gives effect, enforces and provides remedy”*** to my inalienable, intrinsic and non-derogable human rights and fundamental freedoms so I can ***“enjoy”*** my life, my liberty, my free choice, my free consent, my free associations, my free communication and education, my free travel, my natural wealth and resources, my property, plus many, many other human rights and fundamental freedoms ***that have existed long before the creation of Canada or the Crown.***

I respectfully and honourably, in good conscience and faith, ***do not and will never freely consent to recognition as a citizen, an artificial person, a prescribed person, a statutory creature, an entity, or a corporation,*** as this would remove my rights and freedoms to my free determination, choice and consent, security of the person, liberty, life, my travel, my free communication and education, my natural wealth and resources, plus other inalienable and intrinsic human rights and fundamental freedoms and this is why ***I only freely and wilfully accept recognition as an individual adult human being with full legal capacity.***

The only forms of identification I freely use are my personal non-governmental identification, which includes, but is not limited to, my claim of recognition, claim of identification, claim of lawful excuse, and claim of understandings, as well as my identification cards, and my website, MyHumanRights.ca.

The Canadian issued identification I freely use (of which I hold but do not have ownership of), are my ***Registration of Live Birth,*** and/or my ***Ontario Health Card,*** which are both officially recognized forms of identification in the Corporation of Canada at the federal level and identify myself as a human being.

If I'm recognized in any way or in any form as an artificial person, a prescribed person, a statutory creature, resident, citizen, officer, employee, or servant of the Corporation of Canada, the Crown, or any other entity, union, corporation, or group, ***it was done expressly against my free will and choice*** through threat of violence, death, incarceration, extortion, corrosion, abuse of power, slander, deprivation of character, lack of full disclosure, and/or in tandem with unlawful or unjust acts, statutes, regulations, by-laws, or contracts.

My intrinsic, inalienable, foundational, guaranteed human rights and fundamental freedoms to my life, my liberty, my security, my free choice and consent, my free associations, my free travel, my property, my correspondence, my education, my natural wealth and resources, my right to remedy, plus many others, can be found in, but are not limited to;

1) The Constitution Act 1982, (CA) 2) The Canadian Bill of Rights 1960, (CBA) 3) The International Bill of Human Rights (IBHR), 4) The Universal Declaration of Human Rights 1948 (UDHR), 5) The International Covenant on Economic, Social, and Cultural Rights 1976 (ICESCR),	6) The International Covenant on Civil and Political Rights 1976 (ICCPR), 7) The Declaration on the Right and Responsibility of Individuals, Groups, and Organs of Society to Promote and Protect Universally Recognized Human Rights and Fundamental Freedoms 1998.(DRR)

And finally I, Ryan James Johnson, an individual adult human being with full legal capacity, a human rights defender by deed not title, with honour, respect, and only the best of intentions, with God (Yahweh Elohim) as my witness, do of my own free will and choice, pledge, declare, affirm and swear to be true;

I'm an individual adult human being, with full legal capacity. I will love, respect, honour, protect, and defend all human beings as my brothers and sisters. I will be honest and moral. I will observe, educate, empower, protect, and defend inalienable, guaranteed, foundational human rights and fundamental freedoms to the best of my ability, so help me God.
